- For Pornhub, nothing is more important than the safety of our community. Upholding our core values of **consent, freedom of sexual expression, authenticity, originality, and diversity** is only possible through the continual efforts to maintain the safety of our users and our platform. Consequently, we are firmly committed to preventing and eliminating illegal content, including non-consensual content and child sexual abuse material (CSAM). Every online platform has the moral responsibility to join this fight, and it requires collective action and constant vigilance.
- Over the years, we have put in place robust measures to help protect our platform from abuse. We are constantly improving our Trust and Safety policies to better identify, flag, remove, review, and report illegal or abusive material. We are committed to doing all that we can to provide a safe online experience for our users, which involves a concerted effort to innovate and always striving to do more.
- As part of our efforts and dedication to Trust and Safety, we feel it is important to continue providing information about the advancements to our Trust and Safety initiatives, technologies, moderation practices and how our platform responds to harmful content. This Transparency Report provides these insights and builds upon our previous reports. Further information can be found in other sections of our Trust and Safety Center, including [resources](#) about our community, keeping our platform safe, and [our policies](#).
- We are committed to being as transparent as possible and to being a leader in removing abusive content from the internet. We will continue to do our part to create a safe space for our users.
